

Student's View: Announcements & Questions

Student's View of Announcements:

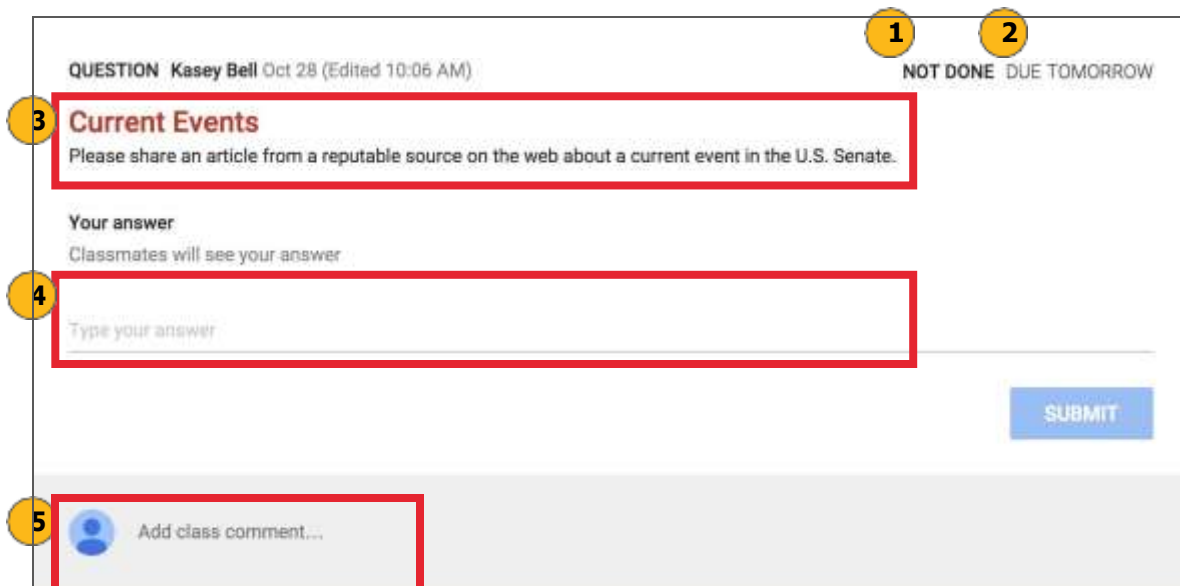

Announcements will appear in the **Stream**, and are generally read-only, but students have the option to leave a **class comment** if this has been enabled by the teacher. Class comments are viewable by the teacher and all students in the class. If the announcement has attachments, the students can also view the files, links or videos.

Student's View of Questions in the Stream:

When a discussion question has been assigned to students, it will immediately appear in the **Stream**. Students will see the following options in the **Stream**.

- 1 Completion Status (not done or done) 
- 2 Due Date (Students will also see if their assignment is **Late**.) 
- 3 Title and Description of the Discussion
- 4 Your Answer: This is where students type their answer. **Students must first submit their own answer before can they view other students' responses.**
- 5 Add a Class Comment: Use this space to ask questions or for general comments. **This is NOT where you type your answer to the question.**

Note: The title of the question is clickable and will take students to another page for that question. Students will still have the option to type their response on this page, but they will also see the option to leave a **private comment**, which is only viewable by the teacher. **Type your answer in the answer response field, not as a comment or private comment.**
