

## How Auction Money is Invested

We are excited to invite you to participate in our annual auction. Your generous donations are an integral fundraiser that raises funds to sustain GCA's financial stability and keep tuition affordable for families in our community. We wanted to take the opportunity to explain how your donation becomes an investment in our school. The following breakdown is how auction money is generally distributed throughout our ministry.

### Investing in teachers:

Our dedicated teachers are the heart of our school. Your donation has been invested directly back into our staff. Ultimately we are growing as a team, but we also want to attract and retain the best educators by providing professional development opportunities, better compensation, and classroom resources. By investing in our teachers, we are investing in the success of our students.

### Investing in student resources:

We believe in providing our students with the tools they need to thrive. Your donation has helped us purchase classroom resources, technology, and exciting experiences that have enhanced the learning experience for our students. With your help, we can ensure that our students access the latest resources and technology.

### Investing in building security:

The safety and security of our students and staff are of the utmost importance. Your donations have helped us upgrade our security systems, install cameras, and improve emergency response protocols. With your help, we can ensure that our school is a safe and secure place for everyone.

### Investing in the facilities:

Our facilities play a crucial role in the education of our students. Your donation will help us make necessary repairs, upgrades, and renovations to our classrooms, gymnasium, and other spaces. By investing in our facilities, we are investing in providing a quality environment for our students.

### Investing in the future:

We believe in the future of our school. Some of your donations are set aside in the GCA Endowment as an investment in the future. We are grateful for your support in the next generation of GCA.
